Statement on Air India's Purchase of Aircraft From the Boeing Company
February 14, 2023

The United States can and will lead the world in manufacturing. I am proud to announce today the purchase of over 200 American-made aircraft through a historic agreement between Air India and Boeing. This purchase will support over 1 million American jobs across 44 States, and many will not require a 4-year college degree. This announcement also reflects the strength of the U.S.-India economic partnership. Together with Prime Minister Modi, I look forward to deepening our partnership even further as we continue to confront shared global challenges, creating a more secure and prosperous future for all of our citizens.
